COMMERCIAL SCRIPT (Grand Finale)

## FLIP-FLOP BIRKENSTOCK (30 seconds)

**Directions:** A professional who has experienced the ups and downs of the industry and knows how it works! Loves what they do and respects the business of storytelling. The Birkenstock is a non sensical, beat poet, hipster drumming up vibes for the wild and free. A fun speed read

Give me a nimble-stick flip-flop,  
Drop it in the tip-top, pop-rock  
So I can put it in my big bad beanstalk.  
Bottoms up on your spinslick, superstick, sneakshod stockrod;  
This isn't a drastic, spastic, thing-a-ma-bob,  
Not a paddywhack, pitlock, pokey pock, picknicker flip-flop  
Or a clicky clock, shot-mock, blotted-ticky, tricker tock.  
Put me in a mucked up, buckered up, lucked up flip-flop,  
Not near the tall spot, totally tantalizing, molly spotted, sock rot.  
This ain't your typical, foot-fearing, feather fitting, finicky flip-flop.  
Besides, who says you can't wear socks – with Birkenstocks!

*See you at the MIC!*
